Financial Management Policy for the County of Chautauqua

By Audit & Control Committee:

At the Request of County Executive George M. Borrello:

WHEREAS, pursuant to Local Law 4-04 of the County of Chautauqua, the Chautauqua County Charter was amended to provide that the County Legislature shall annually adopt by resolution a comprehensive financial management policy prior to the County Executive's preparation of the tentative budget; and

WHEREAS, the first Financial Management Policy was adopted pursuant to Resolution 168-04, and was further amended by Resolutions 64-05, 147-07, 144-14, and 147-15; and

WHEREAS, a proposed amendment to the County Administrative Code regarding the definition of "capital project" necessitates a corresponding amendment to Section III(C)(2) of the current Financial Management Policy; therefore be it

RESOLVED, That the County's Financial Management Policy is hereby amended to read as follows:

I. INTRODUCTION

Section 2.05(c) of the Chautauqua County Charter requires the County Legislature to adopt a comprehensive financial management policy for County government on at least an annual basis. The primary objective of this policy is to establish financial guidelines for the maintenance of County operating and capital funds, fund balances, operating and capital revenues, and the use of reserve funds. With a focus on long-term planning, these guidelines

are intended to provide sound financial management in order to provide appropriate and responsible budgets for Chautauqua County taxpayers. These policies are for general use, and allow for exceptions as appropriate and necessary on a case-by-case basis.

II. PURPOSE

The County of Chautauqua recognizes the importance of adherence to sound financial management practices. By enacting financial management policies, the County of Chautauqua intends to achieve the following goals and objectives:

A. Credit Rating

The most global indicators of a county's overall financial health are the credit ratings issued by the various rating agencies in the financial community. These ratings assess a county's immediate and future financial needs and its means to fund them. It is the intent of this financial management policy to provide the financial community with the assurance that the County of Chautauqua follows structurally sound budgeting practices, maintains an appropriate level of funds in reserve, and embarks upon vigorous long-range planning for both operating and capital needs.

B. Stable Tax Structure

Government spending relies heavily upon the current economic environment. With New York State counties required to pay 25% or more for most public assistance programs, a majority of county spending is obligated to these mandated programs. During robust economic times, the demand upon social services is lower and there is very little pressure on the tax structure. During periods of slow economic growth or recessions, the demand for government services increases greatly and taxes generally rise to meet these demands. In order to stabilize the peaks and valleys in the tax rate, financial management policies should be implemented to mitigate large changes in the taxation structure.

C. Fund Balances

The New York State Comptroller recommends that each local government assess what is a "reasonable amount" for its particular situation and adopt a fund balance policy. The purpose of this policy is to establish a fund balance policy to address the needs of Chautauqua County ("County") and establish adequate reserves to ensure that unanticipated events will not adversely affect the financial condition of the County nor jeopardize the continuation of necessary public services. This policy will ensure the County maintains adequate fund balance and reserves in the County's Governmental Funds to provide the capacity to:

1. Provide sufficient cash flow for daily financial needs.
2. Secure and maintain investment grade bond ratings.
3. To provide adequate reserves to offset significant economic downturns or revenue shortfalls, and
4. Provide adequate reserves for unforeseen expenditures related to emergencies.

D. Structurally Balanced Budgets

The County of Chautauqua's definition of a structurally balanced budget is a budget that finances recurring appropriations with recurring revenues. A key component to maintaining stable taxation and fund balances is to limit the use of one-time revenues in the funding of recurring operations. It is the intent of this policy to attain structurally balanced budgets.

E. Long Range Planning

The County of Chautauqua recognizes the importance of long range planning for both operations and capital expenditures to ensure fiscal stability by providing the capability to plan for future expenditures and to weather unforeseen circumstances.

III. POLICIES

A. General Unobligated Fund Balance

1. This policy shall apply to the County's General Fund, only.
2. Fund Balance for the County's Governmental Funds will be comprised of the following categories:
 - a) **Nonspendable**- amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
 - b) **Restricted**- amounts externally imposed by creditors (debt covenants), grantors, contributors, laws, or regulations of other governments.
 - c) **Committed**- amounts used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority.
 - 1) Amounts set aside based on self-imposed limitations established and set in place prior to year-end and can be calculated after year-end.
 - 2) Limitation imposed at highest level and requires same action to remove or modify.
 - 3) Resolutions that lapse at year end.
 - d) **Assigned**- amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.
 - e) **Unassigned**- amounts that are not reported in any other classification.
3. When resources are available from multiple classifications, the County spends funds in the following order: restricted, committed, assigned, unassigned.
4. The Chautauqua County Legislature is the decision-making authority that can, by resolution, commit fund balance. The commitment may only be modified by a new resolution authorized by the Chautauqua County Legislature.
5. General Unobligated Fund Balance:
 - a) For the purpose of this policy, general unobligated fund balance shall consist of the Unassigned Fund Balance less any designations as footnoted in the Basic Financial Statements.
 - b) The County shall strive to maintain unobligated fund balance of not less than 5% and not more than 15% of General Fund gross revenues.

- c) The Director of Finance shall report the amount and percentage of general unobligated fund balance to the Audit and Control Committee upon completion of the annual audit each year.
- d) In the event that unobligated fund balance exceeds 15% of adopted budget gross revenues, the excess may be utilized for any lawful purpose approved by the County Legislature. In order to minimize the long term effect of such use, the excess should be appropriated to fund one-time expenditures which do not result in recurring operating costs, and/or be used to establish or increase reserves.
- e) In the event that general unobligated fund balance falls below 5% of adopted budgeted gross revenues, the Budget Officer shall make a recommendation to the Audit and Control Committee to restore the balance to the minimum level in the next budget year or other appropriate period of time.

B. General Fund Five-Year Plan

Beginning in the 2006 budget year, a five-year general fund budget projection shall be completed on an annual basis that projects both expenditures and revenues. A narrative shall be attached identifying all assumptions used in calculating the projection. Additionally, this narrative shall include measures to be taken to close any budget gap that may exist.

C. Capital Projects Six-Year Plan

- 1. Assessment - A comprehensive capital assessment of Chautauqua County's physical infrastructure shall be completed at least every five years. This assessment shall include an evaluation of the current state and future maintenance needs and or replacement expense of all buildings, roads, bridges, airports, parks, and dams.
- 2. Capital Requests - Pursuant to guidelines set forth in Article 7 of the Chautauqua County Administrative Code, department heads shall present all proposed capital projects as defined in the Administrative Code. ~~infrastructure projects (buildings, roads, bridges, airports, parks, and dams), all equipment purchases (including all vehicles) over \$10,000 and over one year life expectancy, and all computer software and hardware over \$10,000 and over one year life expectancy. All light duty vehicles rated less than 1.25 ton and valued less than \$50,000 shall be submitted as a capital project utilizing the Chautauqua County Capital Vehicle Request form. These vehicles will be separately purchased and tracked in a separate capital project account. Departments will be responsible for budgeting the operating expenses (gasoline, insurance, maintenance) and the annual depreciation of the vehicle as determined by the Department of Finance and the Department of Public Facilities.~~
- 3. Funding – In order to provide a consistent source of funding for the County's infrastructure, investment earnings accrued from the County's general fund shall be dedicated to the Capital Project Reserve. This shall provide an estimated

\$500,000 to \$1,500,000 a year to fund capital projects. Additionally, revenue from the Motor Vehicle Registration fee shall fund County road and bridge projects.

4. Account closeout – No later than February 28th of every year, all open capital project accounts shall be assessed and reviewed by the Audit and Control committee. Any projects that are complete and have excess funds shall be closed out and any balances transferred to the Capital Project Reserve.
5. Planning Process – As set forth in Article 7 of the Chautauqua County Administrative Code, a Capital Projects Six-Year Plan shall be recommended by the County Planning Board, Capital Projects Committee, and County Executive on an annual basis, and shall be confirmed by the County Legislature.

D. Tax Stabilization Fund

Tax stabilization fund balance may be utilized in the tentative budget process, pursuant to New York State General Municipal Law § 6-e, in an amount not to exceed 50% of the projected current year fund balance. When the balance reaches \$250,000 or less, the entire balance may be utilized.

E. Non-Property Taxes

Non-property taxes (sales, occupancy, mortgage, motor vehicle fee) are very elastic and are dependent upon variable economic trends. It is imperative to budget these revenues with a degree of conservatism to prevent shortages due to changing economic climates. As a general guideline, these revenues shall be budgeted as the actual receipts received two years prior – e.g., the 2005 tentative budget amounts will be the actual level of receipts received in 2003. Deviations from the "two years prior" policy shall only occur based upon known factors that may considerably impact the proposed budget such as a change in tax rates, change in taxable entities, or a rapidly changing economic environment. Any deviation from policy shall be appropriately documented. Occupancy tax shall have the following minimum reserves:

1. 3% Occupancy Tax -Tourism \$50,000
2. 2% Occupancy Tax - Lakes and Waterways \$50,000

F. Purposes and Use of Debt

1. Capital Financing: The County will rely on internally generated funds and/or grants and contributions from other governments (i.e. federal, state and local) to finance its capital needs whenever available. Debt will be issued for a capital project when it is an appropriate means to achieve a fair allocation of costs between current and future beneficiaries.
2. Asset Life: The County will consider long-term financing for the acquisition, maintenance, replacement, or expansion of physical assets (including land) only if they have a useful life of at least five years. As a general rule, debt will not be issued for the road and bridge program, because of the recurring nature of road and bridge construction and maintenance. Debt will be used only to finance capital projects and equipment, except in the case of an emergency. County debt will not be issued for periods exceeding the useful life or average useful lives of the project or projects to be financed, as prescribed in Local Finance Law.

3. Debt Authorization: No County debt issued for the purpose of funding capital projects shall be authorized by the Legislature unless it has been included in the Six-Year Capital Projects Plan or until the Legislature has modified the Plan.

G. Financial Tracking System

To provide a quantitative analysis of the fiscal condition of county finances, the New York State Comptroller's Office has developed a series of fiscal indicators. The following indicators shall be computed and tracked on an annual basis upon completion of the audit of the County's basic financial statements. The final results shall be reported to the Audit and Control committee no later than September 30th.

Indicator 1: Year-End Fund Balance

1. Assigned and Unassigned Fund Balance – To identify the amount of fund balance that is available in the general, special revenue, and/or enterprise funds to provide a cushion for revenue shortfalls or expenditure overruns.
2. Total Fund Balance – To identify the amount of fund balance that is available to be used to fund operations, provide a cushion for revenue shortfalls or expenditure overruns, and/or is reserved for specific future purposes.

Indicator 2: Operating deficits

3. Operating Deficit – To identify local governments that are incurring operating deficits

Indicator 3: Cash Position

4. Cash Ratio – To identify the ability of the local government to liquidate current liabilities.
5. Cash % of Monthly Expenditures – To identify the ability of the local government to fund the ensuing fiscal year's operations from available cash.

Indicator 4: Use of Short-Term Debt

6. Short-Term Debt Issuance – To identify the amount of short-term debt that is issued to meet obligations (cash flow).
7. Short –Term Debt Issuance Trend – To identify the trend in the issuance of short-term debt.

Indicator 5: Fixed Costs

8. Personal Services and Employee Benefits % Revenues – To identify the amount that revenues are restricted to be used for salaries and benefits.
9. Debt service % Revenues – To identify the amount that revenues are restricted to be used for debt service expenditures.

**CHAUTAUQUA COUNTY
MOTION NO. ___-19**

TITLE: Urging New York State to Restore Extreme Weather Recovery Funding and Increase CHIPS Funding for Local Road, Bridge and Culvert Maintenance and Replacement

AT THE REQUEST OF: Legislators John Hemmer, Dan Pavlock and David Wilfong:

WHEREAS, funding for the Consolidated Local Streets and Highway Improvement Program (CHIPS) and enhanced State assistance to local governments through BRIDGE NY, PAVE NY in the latest state budget is helping counties to meet the overwhelming needs of the locally-owned transportation systems; and

WHEREAS, while this funding is most welcomed and already being put to good use, locally-owned roads and bridges account for eighty-seven percent of the State's 110,000 miles of roadways and 50 percent of the State's 18,000 bridges and counties and local municipalities still struggle to raise enough funding for the maintenance and replacement of this vast system of aging and ailing infrastructure; and

WHEREAS, programs designed to direct state funding directly to local transportation infrastructure needs such as CHIPS, PAVE NY, BRIDGE NY and Extreme Winter Recovery Funding have undoubtedly helped to improve the conditions of New York's roads, bridges and culverts as more of these critical projects are being funded each year; and

WHEREAS, CHIPS and PAVE NY is the financial lifeblood of any local highway department, distributing vital and reoccurring state funding through a formula to every local government in the state yet the 2019-2020 State Budget eliminated Extreme Weather Recovery funding and did not increase the funding levels for CHIPS to Chautauqua County and its cities, towns and villages; and

WHEREAS, a safe and efficient statewide integrated transportation system is necessary for trade, economic development and revitalization, job creation and retention, schools, agriculture, businesses, health and hospital facilities and emergency responders, as well as the general traveling public; therefore be it

KNOWN, That the Chautauqua County Legislature urges state elected officials to restore the \$65 million Extreme Weather Recovery Funding, continue to partner with local governments and agree to increase CHIPS funding by \$150 million to enable every municipality in this county and throughout the state the maximum flexibility for local highway departments to direct this funding to priority maintenance, pavement preservation, and bridge and culvert rehabilitation projects where it is needed most; and be it further

MOVED, That the Clerk of the Legislature is hereby directed to forward copies of this Motion to Governor Andrew M. Cuomo, Assemblyman Andrew Goodell and all others deemed necessary and proper.
